NEEDLESS—WILSON

President Thinks Existing Government Organs Already
Have Full Powers.

Washington, Sept. 25.—President

Governor Cox, of Ohio, made public to-day at the White Hopse in reply to a letter in which the former Governor and vertice of the gars of the government; most of them, and really more than the former commission had, in the Bureau of Foreign and Domestic Commerce of the Department of Commerce, and others (powers until the European war is ended and normal cenditions are restored it will not be possible to determine how completely the business of the country has adjusted itself to new conditions.

Sion are already lodged in existing organs of the government; most of them, and really more than the former commission had, in the Bureau of Foreign and Domestic Commerce, and others (powers ment of Commerce, and others (powers) for its commission had, in the Bureau of Foreign and Pomestic Commerce of the population of investigation chiefly) in the hands of the new Federal Trade Commission.

"Perhaps it would be better if these various powers were assembled in the pletely the business of the country has adjusted itself to new conditions." adjusted itself to new conditions.

The second letter was written last October to Powell Evans, of Philadelphia, during the last Senatorial contest in Pennsylvania. To Mr. Cox, on the tariff commission, the President "The full powers of a tariff commis-

of the new Federal Trade Commission.

"Perhaps it would be better if these various powers were assembled in the hands of one bureau or department, but aside from that I think the machinery exists for a thoroughly scientific treatment of tariff questions. If anything is lacking to give these powers efficiency I am, of course, heartily in favor of doing it."

It was explained at the White House that the President's correspondence
